# Company Profile *Masterpiece Homes*

## **Commitment That Starts At The Top**

One of the Twin Cities' premier builders of custom homes, Masterpiece Homes was founded in 1980 by current CEO, Gordie Howe. Steve Peters, President, joined the Masterpiece Homes team in 1994. Howard Vigen, Vice President in charge of Construction, joined Gordie and Steve in 1996 to round out the current ownership team. All three owners have a wealth of hands-on construction knowledge and are familiar faces on every job.

Bring us your floor plan, or we will create one for you, drawing from your ideas. We'll work with you every step of the way to realizing your dream home!

*"Throughout our construction, we were impressed with your professionalism, quality of work, attention to detail, and ability to meet deadlines. But even more impressive were your honesty, integrity and willingness to do 'the right thing'! Even though it didn't happen often, if we ever did have a concern or issue, we could be guaranteed that it would be explained, corrected, or resolved easily, quickly and always to our complete satisfaction."*
